Please be aware that as of 4 July 2016 Tunbridge Wells Planning will be supported by an in house team rather than by Mid Kent Planning Support. All contact details and addresses for Tunbridge Wells' applications and queries will therefore change as of 4 July 2016. Further communication will be released shortly but Tunbridge Wells customers are asked to keep an eye on www.tunbridgewells.gov.uk for updates.

Hi Richard,

I refer you to my previous comments dated 30 November 2015. Having also now had a look at the LEMP framework report produced by Corylus Ecology, dated April 2016, I can confirm that the principles of this framework are acceptable in arboricultural/landscape terms.

Regards

Deanne
