Subject:FW: 21/504278/SUB - Great Grovehurst Farm, Grovehurst Road, Sittingbourne

Dear Paul

21/504278/SUB | Submission of Details to Discharge Condition 11- Archaeological works programme subject to 18/502372/EIOUT. | Great Grovehurst Farm Grovehurst Road Sittingbourne Kent ME9 8RB

Thank you for the consultation on the submitted WSI for the archaeological excavation of areas of the above site in advance of areas of Brickearth extraction. I can confirm that this has been written in discussion with myself in advance of submission. It relates specifically to those parts of the development proposals that are covered by the prior quarrying. The area of the site that remains and that wasn't included in the original evaluation scheme, i.e. the former farmyard, should be covered by a watching brief when this area comes forward for construction.

I can therefore recommend that the submission be approved as a suitable scheme to address the archaeological requirements in advance of the quarrying. Full discharge should follow completion of the site works and their reporting as set out in the submission and following the watching brief for remaining areas of the site.

I hope that this is helpful and am happy to discuss further.

Kind regards

Simon

Hi Simon

I hope you are well. You will hopefully have received a consultation response in respect of this application in August. Please could you take a look at the details and provide me with any comments as soon as possible.

Kind Regards

Paul
