 Drawing Number:
 Scale: 1:500 @ A4, 210 x 297 mm

Work Description:
 SGN Connections to squeeze off and connect to the existing 63mm PE LP supply (redesigned as a main) in nearside carriageway of Willow Wents and install a new PE LP main along the public carriageway, and enter into the site. From the new main off take 4 x PE LP single services to the individual properties. Terminate in 4 x SGN provided Semi Concealed meter boxes with 4 x 3/4" capped ECV. No meter or meter works are included in this quotation.
 SGN to turn on and test existing supply.
 SGN Connections will provide all excavation and reinstatement of the trenches up to your site boundary.
