Sloped Ceiling (Points up)

Arched / Vaulted Ceiling

Building Line / Wall Line
Cupboards
Overhead Detail
Partitions
Glazing

NOTES

All levels are related to the Ordnance Survey national grid by means of GPS using the Leica Smartnet RTN network.

All dimensions are in meters.
Do not scale from this drawing.
Where built-in cupboards are present, the inside has been measured as the wall line and noted.
Boxing-in and trunking has not been measured except where the wall line behind it cannot be established.
All measurements are taken to existing finishes or faces which are constant and represent an average face or wall line.
All window head and window cill levels are internal measurements.
Ceiling height measurements are taken to a point which best represents the general room height.
